

# JustHealth- Iteration 1

**Iteration Start Date:** 29/9/14

**Iteration Finish Date:** 19/10/14

## Outline of what we want to achieve:

- Database design
- Database creation
- Fully functioning web login screen
- Create basic registration screen

## What we Achieved:

- Database created
- Login web page
- Register web page
- Automated emails to verify passwords and account
- Forgot password
- Account locked
- 90 lock out

## What we have learnt:

- Don't set unrealistic targets
- Communicate more

## What we would do differently:

- Split up tasks more to make better use of everyone's time
- Communicate so not missing information and everyone understands the aims and goals

## Outstanding work:
