QA content checklist should be completed for each document throughout the project; it should then be signed off by both the QA manager and the document author.

Details

Title:	Android Application Design	Date:	30/09/2014
Author:	Ben McGregor		
Type:	<input checked="" type="checkbox"/> Documentation	<input type="checkbox"/> Code	Iteration: All
Description:	<p><i>Document outlining the process taken to design the Android application. It shows the initial plans for the design of the UI, followed by later developments, decisions taken as a group and why the decisions were taken.</i></p> <p><i>The document is essentially split into 2 sections, how we initially designed it to be, and then some of the main changes that came with the iteration 7 redesign.</i></p>
